Our gaining of sight consists in our beginning to see ourselves as full of sins and capable of every evil and betrayal. Our gaining of sight consists in our seeing the world as it really is: lying in evil. Our gaining of sight consists in our beginning to see and appreciate in this world only God's great mercy toward us and all of blind humankind. But if we do not see all of this, it means that we only think we that we see, but in fact we remain in our blindness – from which may the Lord deliver us!
